Greetings to all our Friends.....

As you will see we now have a further six donkeys, and if any of the jennies are expecting....maybe more!!

We have launched the biggest appeal we have ever done, for a large turnout farm building for the donkeys.

Donkeys originated from Africa and are adapted to marginal desert lands, so the wet and cold of the UK doesn't suit them, they hate getting wet, you may have read about the six newly rescued donkeys have rain scald, the foals are particularly bad.

Our turnout barn will be 15 metres by 30 metres; the donkeys can move and run around freely without being cooped up in pens and stables during bad weather. If successful with our appeal we would like to install web cams so you can watch the donkeys 'real time' on your computers.

The 'barn' will be cost anything between 35k to 45k, and to kick start our appeal we have had a pledge from a very kind business man of 12.5k maybe a little more. This is a fantastic step on the ladder.

Anything you can donate for this project would be great for the donkeys, we have even something to offer in return – if you pledge or donate the sum of £100 or more, this would buy approximately 50 concrete blocks for the walls, we would include your name (or any name of your choice) on a professionally printed wooden board that will be displayed in the building.

If you, or your business, or perhaps a group of you, raised and pledged £500 or more we would have a plaque done in polished stainless steel, mirror effect, with the name of your choice in black plus a coloured infill of your choice (maybe a flower graphic) this then mounted on wood and displayed at the entrance. These plaques will measure 8" x 6" wood mounted adding around ½" all around. Perhaps in memory of someone special? Or as a lasting present for someone?

It is our goal to have such a building up and finished by the middle of 2011, if not before. We know it's a huge ask of you, but anything you can do will all help and go into the 'Barn Appeal' so we can allow these donkeys to stay here at Flicka in comfort and safety.

I would like to donate..... to the donkeys.....

I would like to buy 25 concrete blocks and pledge/donate £50.....

The name and/or wording I would like on the display board is.....

.....

We would like to pledge/donate an amount (£500+) for an individual mirrored plaque displayed at the entrance

.....

Wording for plaque.....

.....

We will contact you before commencing with any engraving for the plaques or the boards

Name _____

Address _____

Tel no _____ email _____

Mobile _____

Thank you for taking the time to read this, please remember we know we are asking a lot, but any amount, anything at all, means so much to us and all the animals here in our care.
